HMC CISE REU in Computer Systems

This is the application for 2018's REU Program (Due: 02/17/18) This form is for students _not_ at the Claremont Colleges.

2018's REU runs from May 29 to August 4, 2018. Thank you for considering HMC's REU!

[NOTE]

If you _don't_ have a Google account, you can still apply -- please submit all of your answers as described on the REU's home page. That REU home page is here: https://www.cs.hmc.edu/reu/application

(If you use this Google form, it will send you a copy of your responses upon submission.)

Required	
1. Email address *	
2. First Name *	
3. Last Name *	
4. Date of birth *	
Example: December 15, 2012	
5. Planned graduation month/year *	
6. Your permanent address *	
7. Residency status * Mark only one oval.	
US Citizen	
US Permanent Resident

Demographics This section is optional.

Completing it provides us with useful information about the makeup of our applicant pool. (The National Science Foundation requires that we report demographic data - to the extent known - on REU program applicants.) Note that the designations here are those defined by the NSF.

We welcome other and additional identities: elaboration is entirely up to each applicant.

Personal statement and letter...

We ask for a short personal statement (1-4 paragraphs or so) on why you are interested in the HMC REU and summer CS research. Please include, if you'd like, additional context, details on your background, and specific project interests. More guidance is available at https://www.cs.hmc.edu/reu/application/

Letter of recommendation:

In addition, we ask for a letter of recommendation from a professor, advisor, or project/research mentor that speaks to your preparation and interest to undertake independent research in CS.

Please ask your letter-writer to email that letter, with "HMC REU" included somewhere in the subject line, to dodds@cs.hmc.edu -- by Feb 17, 2018 or not too long thereafter. (There's leeway with letters: we're letter-writers, too!)

Also, feel free to share suggestions for how we could improve our application process - or any facet of the REU!

23. Personal Statement
